The summer camps are an extension of the afterschool Art Literacy program at Abernethy during the school year. The focus during the summer will be on larger and messier projects, with more painting, printmaking and drawing techniques. We are in a great location close to a park, so while we look at artists and cultures that were inspired by nature we can also take nature walks for inspiration and observation. If you are not already enrolled in the ALA class, please visit the website/blog for photos and the type of activities we have done this year.
